CLINICAL PSYCHOLOGIST/MENTAL HEALTH CENTER LEADER FOR A MENTAL HEALTH TEAM AT COOK-COUNTY JUVENILE TEMPORARY DETENTION CENTER

The Isaac Ray Center offers a unique opportunity for a Clinical Psychologist with management/supervision experience to join a multidisciplinary team of psychologists, social workers, child psychiatrists, advanced practice nurses and mental health specialists at the Cook County Juvenile Temporary Detention Center (JTDC). Key responsibilities include leading a mental health team, mental health screening of male & female adolescents, crisis intervention, providing individual counseling, facilitating psycho-educational groups, case collaboration with psychiatry, participating in detainee patient after- care plan development, coordinating care with the youth's guardian and court officials and collaborative programming with detention center caseworkers and youth counselors.

The Isaac Ray Center is dedicated to providing comprehensive mental health services to youth in detention. The position offers competitive salary and benefits. The position hours are Sundays through Thursdays 2- 10 PM (when the youth are not in school or programming).

Candidates must have a doctorate degree in psychology, supplemented by at least two years of clinical experience where they have both delivered direct care and have managed staff delivering service in clinical service delivery for adolescents in corrections, inpatient hospital, residential facilities or urban youth-intervention settings. Ideal candidates have demonstrated ability to effectively practice in multi-cultural settings. Strong communication skills, organizational skills and demonstrated ability to work effectively in a team environment desired. A current Illinois Clinical Psychologist License in good standing is required.

Please send resume and letter of interest to Bruce Bonecutter, PhD, Director of Psychosocial Services, Isaac Ray Center – Mental Health Program at CC-JTDC via email to bfhbone@comcast.net. IRC is an equal opportunity employer.
