There are some music courses that are offered only during an odd year, even year or as needed. Students must consult with their School of Music advisor and handbook as well as the university catalog to insure proper course selection and availability.

Some students may need to take MUS 1060 and/or MUS 1065 prior to taking MUS 1080.

The Academic Planning Guide is designed as a guide for students planning their course selections. The information on this page provides only a suggested schedule. Actual course selections should be made with the advice and consent of a faculty advisor.
