

**NORTH PARK UNIVERSITY**  
**School of Business and Non-Profit Management**

<b>Class #: SBNM 5310</b>	<b>Spring Quad A 2013</b>
<b>Course Title: Managerial Finance</b>	<b>Monday, 6:30-9:50pm (Section A1)</b>

**Instructor:**

Name: Pam Schilling  
Office Phone: (773) 244-5505  
Office Fax: (312) 264-0484  
Email: pschilling@northpark.edu  
Office Location: 5043 N. Spaulding, 2nd Floor (East of the bridge over the river)  
Office Hours: Mondays, 1:00-3:30 and Tuesday, 3:00-5:30 (all Central Time) and by appointment

**Required Texts / Course Materials**

Higgins, Robert C., Analysis for Financial Management, Tenth Edition, McGraw Hill. ISBN 978-0-07-803468-8

*NOTE: There are 3 cases being used in this course. Your student account will be charged \$25 automatically for the cost of these materials. You will access these via Moodle.*

**Course Description:**

This course covers the foundations of finance with applications to business financial management and investment decisions. Topics include assessing the financial health of the firm, planning future financial performance, financing operations, and evaluating investment opportunities. This course describes the financial environment in which business operates, the sources and forms of external financing, and changes in financial market conditions.

It includes the study of investment decisions, the estimation of financing needs, and the choice among financing alternatives, so that knowledge can be developed in bringing analysis, information, and judgment to bear on such decisions. This course also provides a survey of various types of financial assets such as stocks, bonds, and options. The role of ethical behavior is incorporated into the study of financial markets, as well as in financial management.

Our goal is to learn the language of financial management and investments, and to gain a foundation in the theory and key frameworks which drive decision-making.

NOTE: This course has a strict prerequisite: SBNM 5110 (Financial Accounting).

**Course Objectives**

During this course, the student will:

1. State factual knowledge related to finance (terminology, classifications, methods, trends)
2. Explain fundamental principles, generalizations, theories, or techniques related to management of existing financial resources and the acquisition of management of new resources
3. Demonstrate skills, competencies, and points of view needed for the practice of financial management
4. Integrate the role of ethical behavior into implications for financial markets and financial management
5. Apply knowledge and comprehension via quizzes, discussion forums, homework, and exams

**NORTH PARK UNIVERSITY**  
**School of Business and Non-Profit Management**

**Course Grading**

Assignment Point Allocation

<i>Deliverable</i>	<i>Points</i>
Quizzes (20 points / 7 weeks)	140
Homework Problems (50 points / 7 weeks)	350
Activities (30 points / 2 assignments)	60
Exams (150 points / 2 exams)	300
<b>Overall</b>	<b>850</b>

Overall Course Grade

At the completion of this course, you will receive a letter grade reflecting your performance in this course. Letter grades (from A – F) will be awarded according to the existing policies of the School of Business and Nonprofit Management. The final course grade will be computed according to the total number of points earned for all assignments as shown below:

Final Grade	% Low	% High	Low Pts	High Pts
<b>A</b>	94.0%	100.0%	799.0	850.0
<b>A-</b>	90.0%	93.9%	765.0	798.2
<b>B+</b>	87.0%	89.9%	739.5	764.2
<b>B</b>	84.0%	86.9%	714.0	738.7
<b>B-</b>	80.0%	83.9%	680.0	713.2
<b>C+</b>	77.0%	79.9%	654.5	679.2
<b>C</b>	74.0%	76.9%	629.0	653.7
<b>C-</b>	70.0%	73.9%	595.0	628.2
<b>D+</b>	67.0%	69.9%	569.5	594.2
<b>D</b>	64.0%	66.9%	544.0	568.7
<b>D-</b>	60.0%	63.9%	510.0	543.2
<b>F</b>	0.0%	59.9%	-	509.2

**I do not accept late submissions of any assignments for any reason whatsoever.**  
**A late submission will be recorded as 0 points.**  
**All grades are final and not subject to debate.**

The detailed components of your grade will always be posted to Moodle. It is your responsibility to audit regularly for accuracy and to request any required corrections. Final grades will be made available within a week upon the completion of the course and are found in Moodle and WebAdvisor.

**NORTH PARK UNIVERSITY**  
**School of Business and Non-Profit Management**

**Assignments – Deadlines**

- PLEASE READ THE SYLLABUS AND ONLINE INFORMATION THROUGHTLY TO ENSURE DUE DATES ARE CLEAR.
- **No late assignments will be accepted.**
- High level assignment due dates and times:

Assignment	Due Date	Time Due (Central Time)
Quizzes	Sun* **Week 1 will have a Wed due date	5pm
Homework	Mon** **Week 7 will have a Fri due date	9am
Activities	Mon	9am
Exams	Sun	5pm

**Assignments – Overview / Instructions**

*In addition to the overview of assignments below, instructions and grading rubrics are posted on Moodle. Please reference each week and for each assignment.*

Quizzes

<b>Weekly Points</b>	20
<b>Total Points</b>	140

- These weekly quizzes are intended to build understanding of the reading and core concepts from each chapter.
- Quizzes generally consist of 10 multiple choice questions and test understanding of definitions (no problems are included).
- With the exception of Week 1, quizzes will be due prior to the week in which the chapter(s) discussion occurs. Reading should be completed prior to coming to class, along with the Quiz.
- The Quizzes cover topics from the reading, usually concepts – there are typically not mathematical elements included in the reading, or if included, the question can be determined based on the reading (vs. class discussion).

Homework

<b>Weekly Points</b>	50
<b>Total Points</b>	350

- Homework problems are one of the most CRITICAL learning methods in this course. Homework problems have been assigned to address 2 key areas of understanding the finance topics: 1) How to think about topics and apply to decisions and 2) How to solve problems using the appropriate formulas, ratios, and analysis frameworks.

**NORTH PARK UNIVERSITY**  
**School of Business and Non-Profit Management**

- **It is strongly recommended that you give great diligence and time to working the assigned homework problems.**
- Each week, you should review the odd problems from the chapter (This is assigned as Self Study problems). Our text provided the solutions to these problems at the end of the book. If you have questions about the provided solution, please post a question in Moodle, email the instructor, or ask in class.
- Additionally, homework problems have been assigned for the week and must be submitted for grading.
- Working with class members: I strongly encourage working together on the assignments in this class. However, there are a few important caveats:
  - The work you submit must be your individual assignment. I do a very rigorous review of all assignments and it is clear to me when work is not individual.
  - There is a risk when working with a partner or in groups that you will not generate sufficient understanding of the concepts and application in the homework. The fallout of this is clear during the Exams (when performance is substantially lower than the Homework).
  - I recommend 1) Working all problems on your own for a bit BEFORE speaking with team members and/or 2) Discussing the rough approach to the homework and application of the chapter materials with team members and then, working the problems individually.
  - You are always welcome to ask the Instructor questions about the assignments during the week (before submission). You can even send work in process, which can be reviewed to help ensure you are on the right path.
  - This assignment is not about getting “points” – it is about learning to apply the concepts.
- The general approach used for grading homework is as follows (Consider this a brief **Rubric**):

**Theory Problems (Short Answer):**

%	Element
10	Formatting
40	Apply the appropriate framework and incorporate the right information
30	Include solid logic and reasoning
20	Appropriately answer the question asked, and answer all parts (if multiple parts)

**Calculation Problems:**

%	Element
20	Formatting
40	Apply the appropriate framework and incorporate the right information
30	Correct solution
10	Appropriately answer the question asked, and answer all parts (if multiple parts)

**NORTH PARK UNIVERSITY**  
**School of Business and Non-Profit Management**

Activities

<b>Assignment Points</b>	30
<b>Total Points</b>	60

- **Team Assignment: 2 team members per group (See Moodle Week 1 for Instructions on creating teams)**
- During the course, two Activities have been assigned. These are similar to Homework Problems, but, are slightly more extensive and have more description and reading. These are also known as “Case Studies” and are an introduction to the type of assignments used throughout SBNM’s Graduate Business Program, particularly in more advanced courses.
- The nature of this assignment warrants working in teams. There is value in collaborating as you work through the analysis and questions assigned.
- The reading and instructions for each Activity are provided in Moodle. Read the information thoroughly and ask questions as needed.
- Each Activity will have a specific assignment to be turned in and also, a Discussion Forum Question to answer. As this is a team assignment, there will be one submission per team, but, the Discussion Forum Question must be answered individually.
- You should expect that the Activity assignments are slightly more challenging individually than the Homework Problems. Be sure to allocate the appropriate amount of time to these as there is a decent amount of reading, some analysis, and a short written assignment that must be submitted.

Exams

<b>Assignment Points</b>	150
<b>Total Points</b>	300

- During the course, there will be 2 (two) Exams covering the materials in the chapter. The Exams will be due at the end of Week 4 and one week after the end of Week 7. The content of the Exams is as follows:
  - Exam 1: Chapters 1-5
  - Exam 2: Chapters 6-9
- The Exams generally consist of Problems and Essays, and may include Short Answer and Research-based Questions. The Exams will be posted 2 weeks before due to allow ample time to prepare, ask questions, and solve the questions.
- Fair warning: The Exams for this course are considered challenging and can take time. It is not recommended you begin the weekend before your Exam is due. You run the risk of insufficient time to work the problems, ask questions, and finalize your work.
- Also, the Exams are intended to be slightly more challenging than the homework problems. This is not an activity to simply display your knowledge of facts and formulas. The questions work to extend your understanding of the course material, as well as test your knowledge of finance foundations.
- As you work the Exam – there are two simple rules: 1) You cannot discuss any aspect of the Exam with ANYONE EXCEPT the course instructor (no communication whatsoever) and 2) You can ask the Instructor any question regarding the Exam to aid your solving/completion of the questions (except “What is the answer.”) This is not intended to be a process where you work in a vacuum. The Instructor is available to discuss via phone, Skype, or email any question as needed.

**NORTH PARK UNIVERSITY**  
**School of Business and Non-Profit Management**

**Course Teaching and Learning Methods**

This course covers a great deal of material in our 7 week timeframe; therefore, it is very important for students to keep up with readings and assignments. There are a number of requirements each week and it is each student's responsibility to ensure the assignments, requirements, and deadlines are understood.

The learning process in the graduate business education environment is not solely instructor-led. Students must create learning opportunities with one another. We are all instructors, students, and supporters in this learning environment.

The course uses individual and group assignments. It will be necessary to do group work and do so by meeting in person, working by phone, Skype, and/or email. This is very typical in business settings today, particularly global organizations that are geographically distributed. Pay attention to this and raise your level of communication with your classmates to ensure that you get the most from our learning environment and the course's assignments.

A key item for success in this course: If you have questions – ASK!!! The instructor can arrange individual or group discussions to clarify topics or assignments, post information, and adjust the overall management of the course. But, if students do not convey this need, it is not known. Two online forums within Moodle have also been provided for questions, in addition to our class time together.

Learning is best facilitated when we work together – do not work persistently on assignments where you are confused or not making progress. Ask a class member or instructor for guidance and help (per the guidelines established above with the overview of assignments).

**Overall Expectations**

1. It is important to complete all readings, post assignments on-time, and participate in class discussion each week.
2. If you encounter a problem with an assignment, ask questions. Outside of class, it is preferred that you post questions in the appropriate discussion forum that has been set up for that purpose. You may however contact the instructor with your question and you will receive a private response.

Participant Responsibilities

1. Engagement and full participation are required for this class. You cannot successfully complete this course without completing the weekly readings and assignments. You are expected to read the text as assigned and complete the assigned problems based on the assigned deadlines.
2. Although I strongly suggest that all issues, questions, and problems be dealt with in class or through the question forums in Moodle, you can feel free to call or e-mail me regarding these issues at any time, noting the office hours I am available.
3. Use proper "netiquette" (see A Guide to Netiquette in Course Information book on Moodle).
4. I normally advise participants to plan on spending 10-15 hours per week on course responsibilities (e.g. reading, quizzes, assignments, activities, exams, etc.).

**NORTH PARK UNIVERSITY**  
**School of Business and Non-Profit Management**

Course Facilitator (Instructor) Responsibilities

1. The course facilitator will design the course and learning modules in such a way that students have every opportunity to achieve the learning objectives.
2. The course facilitator will provide reactions to student responses and discussion as appropriate in order to clarify important ideas and concepts.
3. The course facilitator will provide opportunities for group work that will include discussion as well as hands-on exercises.
4. The course facilitator will provide updated information on relevant resources for the various topics of interest.
5. The course facilitator will read and critically assess students' assignments and provide feedback within 3-5 days of receipt.
6. The course facilitator will respond to all student e-mails within 48 hours of receipt.
7. The course facilitator will respond to all student phone calls within 48 hours.

Communication Expectations

Communication skills are a major part of your academic and professional development. As this course is in the School of Business and Nonprofit Management, we will assume that I am an executive and you are an employee on my team. Therefore, every communication you send should be highly professional. This means formatted and edited for 100% accuracy in spelling, grammar, punctuation, and word choice. Your question or inquiry should be specific and clear. I will be able to respond more promptly if this is the case.

Also, I will not respond to any email that is not accurate or does not have a clear request. I check email regularly and late into the evening. If I do not respond within one business day, please apply proper diligence and follow-up, and resend your communication (assume that I've overlooked your message in error).

When authoring an email, please use an appropriate subject which is indicative of the contents of the message. For example: "Clarification question – Case 1." Your primary point of reference is this syllabus. Please review in detail before approaching me with questions about the course structure and content contained in this syllabus. Do not be surprised if I refer you to the syllabus or Moodle as an answer.

My preference for contacting me is as follows:

1. Email (at any time)
2. Office hours / Appointment to speak via telephone/Skype – arrange via email
3. Voicemail message (recognize I am seldom in my office and check messages infrequently)

Technology Tools Expectations

Understanding technology tools in today's business environment is critical. As such, I require all work be done in Microsoft Word, Excel, or Powerpoint (or equivalent) and specify the appropriate tool for each assignment.

*Computer Requirements:* In order to effectively participate in and successfully complete this course, each participant will need to have access to a computer and a high-speed internet connection. Please visit <http://www.northpark.edu/Campus-Life-and-Services/Computer-Services/Network/Minimum-Requirements> for information on computer requirements and network access.

*Moodle:* All students are expected to access Moodle. All grades and critical directions for assignments are posted on Moodle. This is also the official record for all grade-related issues. Check and audit grades regularly.

*Email:* All students are expected to check your North Park emails regularly (NOTE: Outside accounts like Yahoo and Hotmail often forwards class emails to your spam folder). I send significant information via email and expect all students to have read the information sent. If you do not use your North Park email address, please make sure email is being forwarded properly.

**NORTH PARK UNIVERSITY**  
**School of Business and Non-Profit Management**

*Software Tools:* All students are expected to use the appropriate software for the course. This course relies heavily on Microsoft Word, Microsoft Excel, use of the internet, and many online research resources.

**Policy on Attendance**

The graduate courses in the SBNM are all 7 weeks in length. Missing one class session is allowed without penalty as long as all readings and assignments are made up by the student within a reasonable time period (the following week). Failing to log into an online course site for an entire week is allowed, but a penalty may be applied at the instructor's discretion. Missing a second class session is allowed only in unusual circumstances by prior arrangement with the instructor. Since this represents almost 30% of the engagement time for the course, the student runs the risk of receiving a lower overall grade for the class. Faculty are encouraged to drop the course grade by a full letter grade in this situation. A student who misses three classes (or the equivalent two weeks for an online class) will automatically fail the course, unless the student drops the course before the seventh week of class. Students who drop a course will be held responsible for tuition, based upon the current North Park University refund policy outlined in the University Catalog.

**Policy on Ethics**

**PLEASE READ THIS SECTION THOROUGHLY**

In keeping with our Christian heritage and commitment, North Park University (NPU) and the SBNM are committed to the highest possible ethical and moral standards. Just as we will constantly strive to live up to these high standards, we expect our students to do the same. To that end, cheating of any sort will not be tolerated. Students who are discovered cheating are subject to discipline up to and including failure of a course and expulsion.

Our definition of cheating includes but is not limited to:

- Plagiarism – the use of another's work as one's own without giving credit to the individual. This includes using materials from the Internet.
- Copying another's answers on an examination.
- Deliberately allowing another to copy one's answers or work.
- Signing an attendance roster for another who is not present.
- Sharing exam materials/templates or discussing any aspect of the exam with ANYONE EXCEPT the course instructor.

In the special instance of group work, the instructor will make clear his/her expectations with respect to individual vs. collaborative work. A violation of these expectations may be considered cheating as well. For further information on this subject you may refer to the Academic Dishonesty section of the University's Catalog (available at [www.northpark.edu](http://www.northpark.edu)). In conclusion, it is North Park's mission to prepare you for a life of significance and service. Honesty and ethical behavior are the foundation upon which such lives are built. We therefore expect the highest standards of each student in this regard.

**Student with Disabilities**

Students with disabilities who believe that they may need accommodations in this class are encouraged to contact the SBNM program office (773-244-6270). Please do so as soon as possible to better ensure that such accommodations are implemented in a timely manner. For further information please review the following website: <http://www.northpark.edu/ada>.

**NORTH PARK UNIVERSITY**  
**School of Business and Non-Profit Management**

The School of Business and Nonprofit Management (SBNM) has adopted the Publication Manual of the American Psychological Association (APA) as the standard and required format for all written assignments in SBNM courses.

Our goal in adopting the APA Manual is to enhance student learning by:

1. Improving student's writing skills.
2. Standardizing the required format of all written assignments in all SBNM courses.
3. Emphasizing the importance of paper mechanics, grammatical constructs, and the necessity of proper citations.
4. Holding students accountable for high quality written work.

If you are unfamiliar with the requirements of the APA Publication Manual, we recommend that you purchase the reference manual and/or that you consult one or more of the suggested resources as listed on the Student Resources section of the SBNM website. *It is your responsibility to learn and ensure that all written work is formatted according to the standards of the APA Manual.*

In conclusion, it is our mission to prepare each student for a life of significance and service. Honesty and ethical behavior are the foundation upon which such lives are built. We therefore expect the highest standards of each student in this regard.
