PRE PROFESSIONAL PROGRAMS

These programs are not major areas in the strict sense, but are sequences of courses, which will establish an adequate foundation for entry into graduate professional study. These graduate professional programs are increasingly competitive in nature. North Park provides advisory services and foundation courses, which enable its graduates to compete very favorably for entry into such graduate programs.

Continue to Step 3 on the back of sheet.

3. COURSE PREFERENCE SELECTION

The categories listed below are General Education requirements. If your intended major(s) requires you to take a course during your first semester, this course will be selected and then your General Education preferences.

Students generally take 4-5 courses during each semester for a total of 14-16 semester hours (sh). We are asking you to select several courses as options so that we may create a schedule with which you are comfortable, giving you the greatest opportunity for success. We need to know your course preference options in case your first class choice is filled or conflicts with another class.

You will not take all the courses you select nor will you meet all the requirements in your first semester. To learn more about each of the courses listed below, see the North Park Catalog (www.northpark.edu/catalog).
