KUC Youth seeks a ministry intern who will connect in Christ to young people in our non-denominational, mainline Protestant church in an affluent suburb of Chicago (this poses its own challenges!).

The intern will help lead our Jr High youth group on Wednesday nights and our Sr High "Impact" program 2 Sunday evenings a month, as well as the occasional Sunday morning church school or confirmation class. Occasional field trips and retreats, along with a June mission trip will also be required. A few additional hours a month will be spent staying connected with our youth and staff through informal contact - attending a play, concert, game, coffee or lunch, connecting via social media, etc.

Time commitment is 20-30 hours (a fraction of the time today's average youth spends texting or on facebook!) per month plus trips. This is an unpaid position, but a small stipend may be available to aid with transportation and communication expenses. In addition, all field- and mission trip travel expenses will be covered at no expense to the intern.

If, after prayerful consideration, you feel the call, please contact KUC Youth Director, Silvi, at the email listed.
