Numeric Grade	Letter Grade	Numeric Grade	Letter Grade	Numeric Grade	Letter Grade
	B (83-86%)		C- (70-72%)		F (<60%)

### Assignment Grading Policies:

*Assignments are due on the date indicated in the syllabus and in class. Every day that an assignment or exam is late will result in a drop of one letter grade.*

### Student Responsibilities:

*Because of The School of Business and Non Profit Management's (SBNM) accelerated format, it is imperative that students are well prepared, on time, and present at all class sessions. Attendance is required for student success in the coursework. For that reason, there are no "free" or "automatic" absences. Any unexcused absence, regardless of reason, will lower the student's final course grade by one-half letter grade (e.g. a final grade of B would become a B- as the result of one absence). Students who miss three (3) or more class sessions, and who do not drop the class, will receive a grade of either F or DW (dropped without permission). Students who find themselves unable to maintain adequate attendance are encouraged to drop the class and retake it at a later time.*

*Chronic tardiness may also result in a negative impact on a final course grade. And attendance alone does not constitute adequate course participation. In other words, mere presence in the classroom does not guarantee the full range of participation points possible for a class session. Active and insightful engagement earns those points.*

## **POLICY STATEMENTS**

### **Academic Honesty**

In keeping with our Christian heritage and commitment, North Park University and the School of Business and Nonprofit Management are committed to the highest possible ethical and moral standards. Just as we will constantly strive to live up to these high standards, we expect our students to do the same. To that end, cheating of any sort will not be tolerated. Students who are discovered cheating are subject to discipline up to and including failure of a course and expulsion.

Our definition of cheating includes but is not limited to:

1. Plagiarism – the use of another’s work as one’s own without giving credit to the individual. This includes using materials from the internet.
2. Copying another’s answers on an examination.
3. Deliberately allowing another to copy one’s answers or work.
4. Signing an attendance roster for another who is not present.

In the special instance of group work, the instructor will make clear his/her expectations with respect to individual vs. collaborative work. A violation of these expectations may be considered cheating as well. For further information on this subject you may refer to the Academic Dishonesty section of the University’s online catalog.

In conclusion, it is our mission to prepare each student for a life of significance and service. Honesty and ethical behavior are the foundation upon which such lives are built. We therefore expect the highest standards of each student in this regard.

### **Attendance Policy for Graduate Courses**

The graduate courses in the SBNM are all 7 weeks in length. Missing one class session is allowed without penalty as long as all readings and assignments are made up by the student within a reasonable time period (the following week). Failing to log into an online course site for an entire week is allowed, but a penalty may be applied at the instructor's discretion. Missing a second class session is allowed only in unusual circumstances by prior arrangement with the instructor. Since this represents almost 30% of the engagement time for the course, the student runs the risk of receiving a lower overall grade for the class. Faculty are encouraged to drop the course grade by a full letter grade in this situation. A student who misses three classes (or the equivalent for an online class) will automatically fail the course, unless the student drops the course before the seventh week of class. Students who drop a course will be held responsible for tuition, based upon the current North Park University policy outlined in the University Catalog (found on the NPU website).

### **APA Requirement**

The School of Business and Nonprofit Management (SBNM) has adopted the *Publication Manual of the American Psychological Association* (APA) as the standard and required format for all written assignments in SBNM courses.

Our goal in adopting the *APA Manual* is to enhance student learning by:

- 1) Improving student's writing skills.
- 2) Standardizing the required format of all written assignments in all SBNM courses.
- 3) Emphasizing the importance of paper mechanics, grammatical constructs, and the necessity of proper citations.
- 4) Holding students accountable for high quality written work.

If you are unfamiliar with the requirements of the *APA Manual*, we recommend that you purchase the reference manual and/or that you consult one or more of the suggested resources as listed on the Student Resources section of the SBNM website. ***It is your responsibility to learn and ensure that all written work is formatted according to the standards of the APA Manual.***

### **Students with Disabilities**

Students with disabilities who believe that they may need accommodations in this class are encouraged to contact your program's office (Business: 773-244-6270). Please do so as soon as possible to better ensure that such accommodations are implemented in a timely manner.
