Course Description:

One of the most significant political and moral dilemmas of our time is that of how to deal with the increasing diversity of our society and the conflict this diversity creates. The globalization of business has increased the concern for diversity significantly. Business organizations reflect the societies in which they exist and thereby present managers with the need to address issues of diversity and conflict in order to optimize organizational effectiveness. This course will develop an appreciation for the diversity managers face, an understanding of what is required to manage that diversity and in particular, how to deal with the inevitable conflict arising out of diversity.

Course Materials:

[Supplemental fees to be handed out in class: \$25.00]

POLICY STATEMENTS

Academic Honesty

In keeping with our Christian heritage and commitment, North Park University and the School of Business and Nonprofit Management are committed to the highest possible ethical and moral standards. Just as we will constantly strive to live up to these high standards, we expect our students to do the same. To that end, cheating of any sort will not be tolerated. Students who are discovered cheating are subject to discipline up to and including failure of a course and expulsion.

Our definition of cheating includes but is not limited to:

1. Plagiarism – the use of another's work as one's own without giving credit to the individual. This includes using materials from the internet.
2. Copying another's answers on an examination.
3. Deliberately allowing another to copy one's answers or work.
4. Signing an attendance roster for another who is not present.

In the special instance of group work, the instructor will make clear his/her expectations with respect to individual vs. collaborative work. A violation of these expectations may be considered cheating as well.

For further information on this subject you may refer to the Academic Dishonesty section of the University's online catalog.

In conclusion, it is our mission to prepare each student for a life of significance and service. Honesty and ethical behavior are the foundation upon which such lives are built. We therefore expect the highest standards of each student in this regard.

Attendance Policy for Graduate Courses

The graduate courses in the SBNM are all 7 weeks in length. Missing one class session is allowed without penalty as long as all readings and assignments are made up by the student within a reasonable time period (the following week). Failing to log into an online course site for an entire week is allowed, but a penalty may be applied at the instructor's discretion. Missing a second class session is allowed only in unusual circumstances by prior arrangement with the instructor. Since this represents almost 30% of the engagement time for the course, the student runs the risk of receiving a lower overall grade for the class. Faculty are encouraged to drop the course grade by a full letter grade in this situation. A student who misses three classes (or the equivalent for an online class) will automatically fail the course, unless the student drops the course before the seventh week of class. Students who drop a course will be held responsible for tuition, based upon the current North Park University policy outlined in the University Catalog (found on the NPU website).

Attendance Policy for Undergraduate Courses

Attendance and participation are vital. Thus, students are expected to attend every class session, and to arrive on time – tardiness is undesirable and disruptive to your fellow classmates. This course has a strict requirement of documented, advance notification. If you are unable to attend any class session, you are to inform me (preferably by email) **prior to** that session. You need to provide a reason for your absence. Failure to provide advance notification will result in an unexcused absence. Be advised that poor attendance can affect your grade adversely

APA Requirement

The School of Business and Nonprofit Management (SBNM) has adopted the *Publication Manual of the American Psychological Association* (APA) as the standard and required format for all written assignments in SBNM courses.

Our goal in adopting the *APA Manual* is to enhance student learning by:

- 1) Improving student's writing skills.
- 2) Standardizing the required format of all written assignments in all SBNM courses.
- 3) Emphasizing the importance of paper mechanics, grammatical constructs, and the necessity of proper citations.
- 4) Holding students accountable for high quality written work.

If you are unfamiliar with the requirements of the *APA Manual*, we recommend that you purchase the reference manual and/or that you consult one or more of the suggested resources as listed on the Student Resources section of the SBNM website. ***It is your responsibility to learn and ensure that all written work is formatted according to the standards of the APA Manual.***

Students with Disabilities

Students with disabilities who believe that they may need accommodations in this class are encouraged to contact your program's office (Business: 773-244-6270). Please do so as soon as possible to better ensure that such accommodations are implemented in a timely manner.
