

DUAL DEGREES

Students may apply for enrollment in programs that will allow them to receive both a Seminary degree and a master's degree from the School of Business and Nonprofit Management at North Park University. Dual degree programs recognize the need for administration and management skills in the church and other ministries and envision business and nonprofit sectors as mission fields requiring theological training. The dual degree programs strive to equip both communities of students.

Seminary degrees that are part of the dual degree program are the Master of Divinity (MDiv), the Master of Arts in Christian Formation (MACF) and the Master of Arts in Christian Ministry (MACM). The School of Business and Non Profit Management degrees are the Master of Business Administration (MBA) and the Master of Nonprofit Administration (MNA). The MDiv and the MACF may lead to ordination in the ECC. The MACM is designed typically for lay leaders and staff members in multiple staff churches, but as part of a dual degree program may lead to ordination in the ECC.

Learning outcomes for the Master of Divinity can be found on the Master of Divinity catalog page.
